

# Privacy Policy

**Last updated: 11th May 2025**

AVT Ltd. (“we”, “our”, or “us”) respects your privacy. This privacy policy explains how our iOS app handles your data. By using the app, you agree to the practices described below.

## What Data Do We Collect?

We **do not collect**, store, or share any personally identifiable information through our app.

## App Permissions and Local Processing

The app may request access to certain device features (e.g., camera) solely to enable specific app functionality. All such data is processed **locally on your device** and never transmitted to any external server or third party.

## In-App Surveys

At the beginning and end of each learning module, users are invited to complete a survey question designed to evaluate how well the app improves understanding of the material.

- The surveys are entirely anonymous.
- No names, email addresses, or any other identifying data are collected.
- Survey responses are used solely to help us improve the app’s educational effectiveness.

## TrueDepth API Usage Disclosure

Our app may use Apple’s TrueDepth camera APIs to enable visual features such as:

- Facial expression tracking
- Real-time filters
- Face-based interactions

## Important:

- Data from the TrueDepth camera is **processed only on your device**.
- We do **not** use this data to identify or authenticate you.
- We do **not** store, transmit, or share this data in any form.

- By using these features, you consent to the use of the camera strictly for this purpose.

## **Cookies and Tracking**

Our app **does not use cookies** or any third-party tracking technologies.

## **Changes to This Privacy Policy**

We may update this privacy policy from time to time. Any changes will be reflected within the app or on our official website.
